

THE MODERN HAIRSTYLIST

# Hunter Donia

**The no-BS educator who teaches independent beauty pros how to grow and scale six-figure businesses on autopilot.**

As a salon suite owner himself, he built his clientele to 3 months booked solid with 5 new client requests a week, which let him cut back to 3 days behind the chair while earning six figures.

He has spent the past 8 years mentoring more than 3,000 beauty pros worldwide, with recognition including Modern Salon's Top 100, Beauty Launchpad's 30 Under 30, and Face of Sola.

Through The Modern Hairstylist Podcast (327K+ downloads) and 25K followers across platforms, he shows suite renters, solo artists, and salon owners how to build a fully scaled, automated business behind the chair.
